Millage Milano

HEADQUARTERED IN LOS ANGELES since 1997, Millage manufactures fine men's and women's wristwatches that combine functionality with elegance. The company was founded in 1867 by Millage Massih and is still operated by the Massih family. Millage offers more than 100 styles in 18-karat gold, platinum, and stainless steel, as well as 80 different dial colors, available across a wide range of price points.

Millage continues to reach new heights with the launch of the Milano. With its innovative time-keeping method, this piece incorporates all of the signature characteristics of the Millage brand with a slender set bezel on a screw-down case-back with sapphire crystal. An unflinching attention to detail ensures that this highly engineered timepiece has the most technically advanced quality finish. From the simplest to the most sophisticated, Millage offers numerous possibilities, making each Milano as unique as is he or she who wears it.

Millage timepieces can be purchased online (www.millage.com) or at authorized dealers nationwide. ●
