

World's Best Suites

Trump SoHo New York

"Located where SoHo meets TriBeCa and the West Village, Trump SoHo is the ideal location to experience the ultra-luxury service typically associated with Midtown, while enjoying the unique downtown energy."

-Andreas Oberoi, General Manager

TRUMP SOHO NEW YORK (TRUMPSOHOHOTEL.COM) is the first full-service luxury hotel in the neighborhood. Featuring 391 spacious guest rooms and suites, the property boasts floor-to-ceiling windows that provide unrivaled views of Manhattan's spectacular skyline and the Hudson River. With just 12 rooms per floor, the property has an intimate ambiance of sophistication and indulgence. Owners and hotel guests will appreciate the property's signature restaurant, Koi SoHo, as well as the seasonal poolside Bar d'Eau. The Spa at Trump®, with its two levels of pampering services, provides New York its only authentic luxury Turkish hammams, and guests can enjoy the utmost in personal service with the Trump Attaché.

In addition to being honored with the coveted AAA Five Diamond Award – one of only eight hotels in New York City with this distinction – Trump SoHo gives guests another reason to visit: spacious penthouses that all feature two bedrooms, giving Trump SoHo more two-bedroom penthouse suites than any other hotel in Manhattan.

Trump SoHo duplex penthouse living and dining areas afford spectacular views of the New York City skyline

The most spectacular suite is the 2,300-square-foot duplex penthouse that rises from the 43rd to the 44th floor. Double-height, floor-to-ceiling windows, and an outdoor terrace of nearly 400 square feet, offer unparalleled panoramic views of Manhattan. The convenience of a wine cooler, Subzero refrigerator, and the option of in-room dining make party planning effortless. The duplex penthouse is the only suite to feature Bang & Olufsen technology, including the BeoPlay A-9 speaker and BeoVision 10 televisions in both living rooms and the bedrooms.

In November of 2012, Trump SoHo New York announced a partnership with Indiewalls, an e-commerce art Web site, to enhance the hotel's luxurious two-story duplex penthouse with a rotating art gallery, outfitting the walls with vibrant pieces from up-and-coming local New York City-based artists. ●
